## Qualifications

- Bachelor of Commerce, Macquarie University
- Diploma of Financial Planning, Kaplan

## Background

Having spent the first 8 years of his working life in financial services, Brent's passion for golf eventually took him onto professional tours around the world.

Upon starting a family in 2013, Brent returned home and began work for MBS Insurance. In the time since, he has been a significant contributor to the growth of the business, developing and managing a number of key relationships and was made a partner of MBS in July 2017. Brent is noted for the provision of honest, transparent advice simply explained and has quickly and consistently built great trust in all of the accounting practices in which he has worked.

Having experienced the sudden loss of his father many years ago and knowing the ramifications for the family left behind, Brent is passionate about the importance of financial support at that time and takes great pride in providing claims support to his clients.

Having worked with many accountants and wealth managers, Brent brings proven results for their clients, utilizing insurer relationships to ensure that they are obtaining the best outcome available in the market.
