## Background

Thu is an Associate Director at Ecovis Clark Jacobs and joined the firm in 2013. She has diverse business consulting experience across a variety of professional service disciplines including tax, business structuring, R&D advice and public relations. Thu has extensive experience in providing specialist advisory services to business owners and senior executives of listed entities across a variety of industries ranging from high-tech, property, finance and medical industries.

Prior to joining Ecovis Clark Jacobs, Thu spent three years at Hill+Knowlton Strategies, the leading global public relations company, where she helped ASX100 finance and technology companies on their strategic investor and public communications imperatives. She started her accounting career at a Sydney based chartered firm in 2011, advising clients across a diverse industry set including mining, media research, hospitality and import and distribution.

## Significant Matters

**Outsourced CFO Function** – outsourced CFO function and management reporting to clients across the property development, technology and investment sectors. Acting as their in-house finance function.

**Property Development** – advising on business setup and structuring, tax optimisation, GST and margin scheme management within the large scale property development projects. Expertise also includes monthly management & budget performance reporting, cash flow planning and bank relationship management.

**Government R&D Scheme Advisory** – extensive expertise in helping clients optimise their annual AusIndustry R&D lodgement to maximise their tax savings from innovations in technology, processes, products and services.

**Medical Industry** – provide start-up and structuring advice for new medical practices and benchmarking of ongoing practice performance. Lead the provision of the full spectrum of financial and strategic business advice, including tax planning, tax preparation services, as well as outsourced CFO and controller services.
